

Trinity Episcopal Church

and

The Center for Grieving Children

Because Trinity is within a block of this vital organization which serves the Portland community, it seems fitting that as a 'neighbor' we help the Center when possible and a few parishioners are volunteering their time to do just that. Perhaps you, too, would like to help. The Center has a "Wish List." Would you be able to fulfill any of the items on that list?

Small needs that will make a big difference!
